Jan 10-2023 Minutes Approved with no changes

Hybrid Meeting/Housekeeping Slides: CPCCO staff presented slides

CODA Presentation: CODA staff updated the CAC on the Seaside program. They currently provide walk-in medication and substance use treatment services for any individuals with moderate to severe **opioid** use. They do not need to live in the geographic area. CODA will dispense courtesy doses. The nursing staff dispense medications M-TH 5:30 am – Noon on site. The average visit lasts 2 hours. They have the capacity for 300 patients and currently are serving 107 (60 patients per day). It is considered low-barrier access because they do not require a counseling component to receive services. They are piloting the Sonora App in Clatsop County, which will be a web-based platform for taking medications at home and will connect the clinician and patient. The program is currently looking for ways to develop community partners to help change the perception of recovery programs and participants.

CAC Learning Theme CPCCO staff discussed the 2023 Learning Themes. CAC members worked on the mural adding the following ideas:

Identification of Barriers that Cause Clients to Become Homeless

Racial Justice

Review the Processes for Veterans Navigating Community Care

Addressing Health Inequity in Our Community

Have Enrollment Events for Veterans who Wish to Access OHP Dental Care

More Supportive Housing Options for People with Mental Health Barriers

How to Handle Conflict without being Embarrassed or Taking it Personally

Poverty in our Community

Regional Health Assessment (RHIP): CPCCO staff reminded everyone that this is the year of the Regional Health Plan. Orientation was in December and Design Workshops were held in January. The survey will focus on equity and be translated into Spanish. Testing the survey will be the next step. The Story Collection process will occur May 1st through July 31, 2023. Currently the workgroup is investigating incentives that are meaningful and equitable.

Innovator Agent Update: CPCCO staff reviewed the IA Update provided as OHA staff person was unable to attend the meeting.

Triple-demic Update
