Regional Health Assessment Update: Staff announced that the Story Collection for the Regional Health Assessment ended on July 31, 2023. The official goal for OHP was 1200 surveys and the inhouse CPCCO challenge was 1300. As of today, the number of stories collected is 1343. 430 came from Clatsop County. She announced that we have “ an oversample of respondents of all racial & ethnic identities across our BIPOC communities” and that we have enough stories from our LGBTQIA+ community to help us understand their needs. Over 550 people identified as “having a disability, being functionally diverse, or having a condition which requires support.” The next step will be for the original groups who worked on developing the survey will meet to collaborate and analyze the data obtained. In February, this information will be presented to the community.

Tour of First Steps Center for Autism: The Executive Director gave the CAC a tour of the facility and an overview of their programs and future plans.

Community Check In: Members had the opportunity to share information or ask questions of others in the group.
