Finding a dentist

We partner with local dental plans so you can see the dentist with no cost to you. Your dental plan is listed on your Member ID card. They work with you to take care of your dental needs. Call them when you need dental care or have questions about oral health, before you seek emergency or urgent care.

Your dentist:

- ▶ Is your first contact when you need dental care, except in a life-threatening emergency like uncontrollable bleeding.
- ▶ Arranges for specialty dental care, if you need it.
- ▶ Keeps your dental records and knows your oral health best, so they can offer the best advice even in an emergency.

Who should see the dentist?

Everyone! But regular dental care is most important for people who are pregnant, have diabetes or other chronic conditions, and children.

Questions? If you need help finding a dentist or have questions about dental benefits, contact your dental plan. Their number is on your Member ID card. If you need to change your dental plan or need any other help, call **Columbia Pacific Customer Service at 855-722-8206 or TTY 711**, or send us a secure message at colpachealth.org/portal

Columbia Pacific CCO is what's called a coordinated care organization (CCO). Oregon's CCOs exist to provide health insurance and much more. We look at the broad picture of your health and help with other services you wouldn't expect from a health care company. We also help coordinate oral health services for our members through our dental partners.*
